

All-In-1 Custom Turnstile Entrance

Attractive, Secure Access Control

This unique turnstile entry is an all-in-one solution to secure your facility. Built together as one structure means it surpasses most other secured entries in both strength, durability and economy.

FEATURES

- Modular design creates a continuous roof line no matter how many entry components are included.
- Solid, all weather structure
- Self-centering interior turnstile wings

OPTIONS

Almost unlimited options are available to customize this secure access to your facility.

- Matching ADA gate
- Stainless steel or galvanized framework
- Powder coating to add style and longevity
- Matching fence is available
- Bronze, clear, tinted, or bullet-proof glass
- 16 different roof and trim colors
- Surface or cored concrete mounting
